IMPORT GROUP AND SUBGROUP CODE DESIGNATIONS - 1944

Group Code - The first digit to which it belongs. Group value and shipping weight totals are shown in this report at the end of each group.

Subgroup Code - Subgroup code designations are shown at the end of each subgroup in the same column with the unit of quantity. Subgroup value and shipping weight totals appear on the line with the subgroup code designations.

Reference to the corresponding code designations in the following list will identify the groups and subgroups, which are indicated in the report in code only.

A standard linear barcode is located in the bottom right corner of the page. The barcode consists of vertical black lines of varying widths on a white background. To the left of the barcode, the number "3" is printed vertically, and to the right, the number "7" is printed vertically. The entire barcode and its associated numbers are enclosed within a thin black rectangular border.
